百華園
KUTANIYAKI HYAKKAEN

We focus on details to please our customers.

- ◎ **easy-to-use,easy-to-clean design.**
- ◎ **deep tea strainer extends all the way to the bottom**
- ◎ **our teapots' lids feature picture of a magic mallet on the underside as a symbol of good fortune.**
- ◎ **the raised basesfeature a smooth finish that won't scratch tables.**
- ◎ **comfortably distributed weight for ease of use**

Large:approx.350g small:approx.300g

Maintenance:

1. It is ordinarily enough to simply rinse and turn over to air-dry.

→it can also be better to wipe dry with a soft cloth

2. If you feel the need to sterilize your teapot,you can do so by placing it in boiling water.

→caution: do not use chlorine bleach,because it will soak into the ceramic.
